P2V - 8806

P2V 8806 - Compact Panel PC

With the new Panel PC 8806 from Point2Vente, we offer you a professional complete system in an extremely flat and elegant design. Suitable for the most demanding customer environments in gastronomy or retail, the terminal is ideal for direct wall mounting and space-saving installation due to its especially flat and compact

housing. Completely equipped with a 15" touch screen and high performance Intel Atom CPU with 1.6 GHz, it has a wide range of applications options and a high number of interfaces.
