for KOHKIN

Highlighted Features

■ **Antimicrobial keyboard conforms with ISO 22196 standard**

■ **Easy time and date setup**
Flashing appropriate input for time and date setting when needed.

■ **Powerful department functions**
The 140CR features 20 departments with five keys using four shifts. Popular items can be registered to a large department key for ease of use, and others to a regular-size key to categorize item registration. Removable key caps can be used to customize the description of keys.

■ **Effortless tax programming for up to 4 tax rates**
Add-in and add-on tax system makes all tax operations simple and fast.

■ **Support for up to eight cashiers**

■ **120 PLUs**
Up to 120 items can be programmed with unit prices for quick and accurate registration. LinKing to a department makes it possible to categorize items sold.

■ **Mode key**
Mode key provides secure registration control.

■ **Calculator mode**
Simply turn the mode switch to "CAL" and you can use the 140CR as a calculator.

■ **Three ways to tender payment**
Payment can be made by cash, charge, or check, providing shoppers with the flexibility necessary for their individual lifestyles.

■ **Four types of reports**
Four different types of reports are available to provide information on sales: a financial report for a quick check of your sales during business hours, a periodic report for a specific period of sales, a PLU report for up to 120 items, and a general control report for departments and all other functions totalizers.

Variety of Sales Reports

■ **General control Z (reset) report**

Z (Reset) report
