

### Fast, simple, reliable and updateable!

This bestseller in counterfeit detection checks all Euro notes and (if ordered) a second currency. Thanks to its rechargeable battery (Plus version) this detector is mobile. No need to rely on the human observation: it is **NOT** necessary anymore thanks to the 100% result in the counterfeit test!

And when banknotes and/or features might change in future: the update function allows you always to have the most recent software without any nerving downtime of your detector!
